**SIGILLARY**

Wrapped Up With Style

Here, Sigillary's logo is displayed alongside a company tagline. Utilizing your brand's tagline will humanize your brand, making it more relatable and sharing the brand's story.

## Introducing Sigillary

Ready to experience it IRL?

**Meet Sigillary.** An imaginary company store with very real applications — fabricated to help you visualize your 2023 company store trends in action.

To paint you a picture of how style and branding can be the ultimate business tool, we've constructed a few product samples that display our fictitious (but very real-sounding) brand: Sigillary.

Think of it as "future you." So, go ahead! Take a look at our product suggestions, let that imagination fly, and style your brand to the next level.

Utilize playful logo-inspired illustrations. Perfect for teams or themed events, your company can use illustrations to offer merchandising options with event-related decoration to create a relatable experience and convey an engaging story.

Decorating with a phrase or tagline alone is another engaging way to decorate your merchandise. With catchy phrases and trending taglines, you can appeal to a broader audience and get even more people excited to wear your brand!

# Meet **SIGILLARY**

**A fictitious company store to create your vision and  
style your brand to the next level.**

From the boardroom to a virtual call, putting green to the company-sponsored volunteer event, or even a new employee welcome kit to a family weekend outing, discover some of our favorite merchandised collections.

With examples from Sigillary, see what your team can look like with a polished, on-trend decoration as they sport your company logo in every business-facing scenario.
